COMPASS

Guiding, Building and Restoring Children and Families

Foster Care

We recruit, train, license and support families as they provide care for children in need of a temporary and safe home.

Family Services

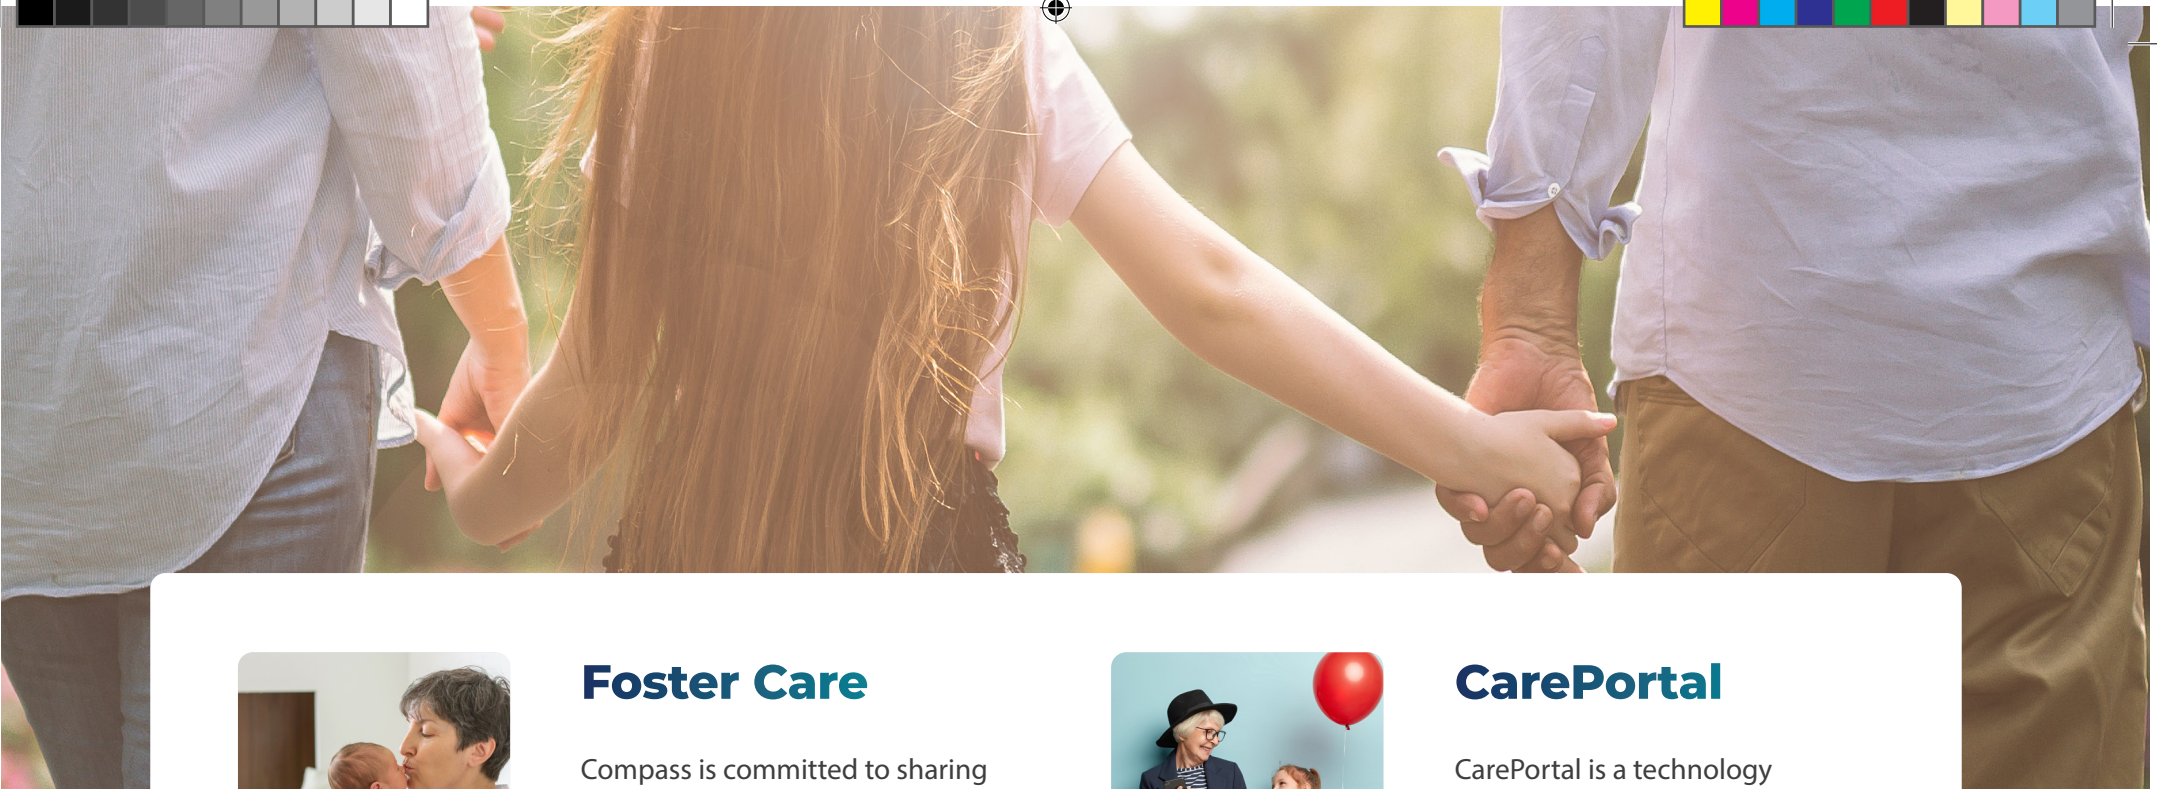

Our family services team works with families in need of extra support including parent training and therapy services.

CarePortal

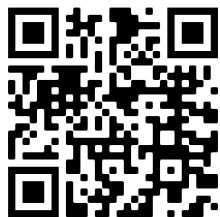

CarePortal connects families in need with people who can help. Child welfare workers uncover the needs and share them with a network of churches, businesses and community members ready to respond.

Foster Care

Compass is committed to sharing the need for foster families in Nebraska. It can be an intimidating idea for many to open their home to a child, so we walk alongside families through the process. We provide training, ongoing support and assistance to help the many needs that come with adding a family member.

Scan the QR code to the left with your smart phone camera to watch a video about Compass' Foster Care program.

CarePortal

CarePortal is a technology connecting platform that brings the needs of hurting children and families in local communities to the attention of people who can help. Caseworkers uncover the needs. CarePortal makes local churches and community members aware, giving them a real-time opportunity to respond.

Scan the QR code to the left with your smart phone camera to learn mor about how CarePortal works.

FOSTERING CARE FOR CHILDREN

FOSTER PARENT TRAINING

Prospective foster parents attend 30 hours of training, complete paperwork, and background checks and are interviewed prior to becoming licensed as a foster home. This is necessary to help ensure safety for vulnerable children.

On average, the cost to recruit, train and license a family is \$1,500 before they even open their home to a child. Compass trains 20-25 new foster families each year.

FOSTER PARENT NIGHT OUT

Each month, Compass provides Foster Parent Night Out for three hours in Kearney. Foster parents bring their foster, adoptive and biological children for a fun-filled evening, allowing parents to attend training events, go on a date, go shopping, or take a much needed break. The foster care team and volunteers provide a meal, organize activities and build relationships with the children. The cost to provide food, activities and staffing is \$500 each month.

APPRECIATION EVENTS

Encouragement and appreciation is important, especially for foster parents whose role can be challenging. Appreciation events include a picnic/pool party in the summer and a Christmas party at the World Theatre in December. Additionally, Compass contributes to adoption celebrations when children are adopted out of foster care.

SUPER WYATT PACKS

Too many times, children enter foster care with very little of their own. Super Wyatt Packs are stuffed full of essential items based on the gender and age of the child. Items include a blanket, toys, snacks, books and hygiene items. The value of each backpack is \$50. Learn more about Super Wyatt at www.COMPASSnebraska.org/SuperWyatt.

CarePortal

CarePortal is a technology platform used to efficiently share tangible needs that will support, serve and unite families. Professionals working directly with families in schools and other service organizations see first-hand the needs in the community. The most common needs are beds and other household furniture, financial support for rent or utilities, and vehicle repairs. When the need is uncovered, the professional shares it to the platform which initiates an email into the community. Because the professional has an ongoing relationship with the family, the needs are vetted and have a layer of accountability.

Compass partners with churches, businesses and individuals in the community to respond to needs.

Your sponsorship enables support for the platform and growth in the community so that more families can be served.

Counties in Nebraska currently served by CarePortal through Compass:

Adams

Buffalo

Dawson

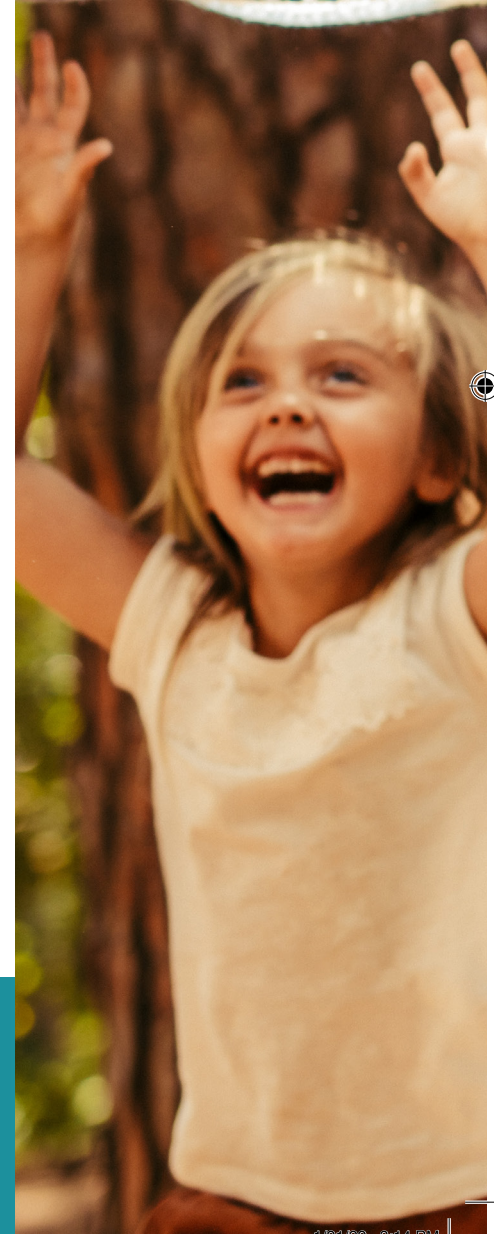

Hall

Lincoln

Phelps

CAREPORTAL FACTS

+ LIVE IMPACT REPORT

Data on the impact to the community is updated live at CarePortal.org. The number of children served, economic impact and number of churches are reflected by county, state, and nationwide.

+ HISTORY

Compass has been an implementing partner of CarePortal since 2017. Nebraska was the 13th state to join CarePortal. Currently 28 states and three Canadian provinces utilize the system to support families.

+ COMMUNITY ACCESS

Open requests can be accessed by any community member at any time. The map links to sponsor websites.

+ CIRCLE OF CARE

CarePortal is all about creating a continuum of care around the child. From the community to the local church, increased support stabilizes families for the benefit of children.
